Division of Science

Assistant Professor (Tenure Track) in Biology

This job is located at IUPUC in Columbus, Indiana.

IUPUC—Indiana University-Purdue University Columbus—has delivered high-quality undergraduate and graduate degree programs aligned with and responsive to regional educational needs since 1970. Applications are being accepted for an Assistant Professor position in the biology program in the Division of Science at IUPUC.

A tenure track appointment is available on August 1, 2022, at the rank of Assistant Professor in the Division of Science at IUPUC.

REQUIREMENTS

The successful candidate will teach lectures and labs in one or more of the following areas of specialty: human anatomy, physiology, cell biology, microbiology, or biochemistry. The successful candidate also may be expected to teach courses in general biology for majors and non-majors. Candidates should have a Ph.D. or equivalent in one of the specialty areas, or a related field. The successful candidate should have experience teaching undergraduate biology courses. Two laboratory classrooms with preparation areas are available for research activities. Candidates with a research focus on the scholarship of teaching and learning are encouraged to apply. In addition, the candidate needs to have the ability and interest to work with a diverse student population. Candidates should have the desire to improve conditions in and access to higher education for underrepresented students. Strong oral and written communication skills are a must. Successful teaching at the university level is very important.

PREFERENCES:

Two semesters of experience in teaching traditional and non-traditional undergraduate students and demonstrated capacity to collaborate with faculty across disciplines is preferred. Preference will be given to candidates with a record of teaching one or more of the following: human anatomy, physiology, cell biology, microbiology, or biochemistry. Preference will also be given to applicants who have a record of teaching and serving underrepresented populations and first-generation college students and a demonstrated commitment to student and community engagement.

BENEFITS/PERKS

IUPUC is located in Columbus, Indiana, and enrolls between 1,500 and 1,800 students annually. Columbus is located one hour south of Indianapolis, 1¼ hours from Louisville, and 1½ hours from Cincinnati. Columbus is a unique midwestern community with a population of 46,000 known for its world class architecture. The American Institute of Architects ranked Columbus sixth in the nation for architectural innovation and design — right behind Chicago, New York, Boston, San Francisco, and Washington, D.C. There are wonderful programs for young children, many parks, excellent philharmonic orchestra, and people trails. The community is also well known for its culture and its predilection for innovation. For further information visit http://www.iupuc.edu/ and http://columbus.in.us.

University-sponsored benefit plans are a significant part of Indiana University's total compensation package. You may want to go to www.hr.iu.edu/benefits to learn more about the resources, services, and other generous benefits available to Indiana University employees.

APPLICATIONS

Qualified applicants interested in the position must apply online at https://indiana.peopleadmin.com/postings/13064. A resume, reference list, and cover letter indicating why you are interested in becoming a member of IUPUC's team must be attached when submitting your online application.

IUPUC is an EEO/AA employer, M/F/D/Veteran
Assistant Professor of Biology

Indiana University is an equal employment and affirmative action employer and a provider of ADA services. All qualified applicants will receive consideration for employment based on individual qualifications.
